Actuary (m/f) in Product & Portfolio Management

Job Purpose/Role

Within AWP, Allianz Global Automotive (GA) is the leading strategic partner of automotive manufacturers in the provision of insurance and mobility services, currently managing more than 40 car brands in more than 30 countries. Automotive manufacturers and financial services can choose from a portfolio of customized products and service solutions in the fields of motor insurance, warranty, assistance and ancillary products. Technical Area International is responsible for the GA product & portfolio management, advising on product design & development, assisting with underwriting & reinsurance, analyzing profitability and providing pricing excellence & actuarial consulting.

In order to support GA's ambitious growth & profitability targets, we are looking for an experienced Actuary supporting our efforts related to profitability, portfolio management and pricing innovation, including retail & commercial motor insurance and with a special focus on new mobility topics.

Key Responsibilities

As Actuary you will support the product & portfolio management team and drive our activities related to:

- Development of innovative product and pricing solutions, in particular for new mobility topics (e.g. assisted driving, autonomous driving, car-sharing, telematics etc.)
- Actuarial consulting of manufacturers and Allianz entities during development of specific product and coverage solutions as well as non-standard premium concepts for retail and commercial motor
- Actuarial assessment of international Global Automotive products
- Portfolio and profitability assessment for existing and potential new business (incl. reinsurance)
- Regular reinsurance renewals and potential new business acquisitions
- Portfolio management, smart circle and technical excellence activities
- Development and valuation of remediation measures of local entities' automotive portfolios
- Participation in internal and interdisciplinary projects (incl. planning, reporting & financial tasks)
- Collaboration with and ad-hoc requests from colleagues from international operating entities, hub functions as well as other AWP or Allianz SE departments

Key Requirements/Skills/Experience

Qualifications:

- Excellent university degree in mathematics, statistics or similar professional experience
- Minimum of 3-5 years professional experience and a strong actuarial track record
- Completed actuarial qualification

Allianz 

Worldwide Partners

- Excellent verbal and written English required; proficient German as well as additional foreign language skills are advantageous
- Proficient user of Microsoft Office packages (Excel, Word, PowerPoint) and other relevant software

Experience & Key Skills:

- Experience in Retail and/or Commercial Motor pricing and product development
- Experience in pricing, scoring and/or product development for new mobility topics and/or telematics (e.g. car-sharing, usage based insurance, etc.)
- Knowledge of international motor insurance markets and their products is beneficial
- Experience in portfolio management and profitability assessment
- Excellent analytical, conceptual and problem solving skills
- Ability to take over responsibility and work independently, creatively and flexibly within a team
- Experience of working in a fast-paced, dynamic and international environment
- Intercultural sensitivity and international experience
- Highly developed interpersonal skills (i.e. communication, presentation and negotiation)

Additional Information

Documents required for a complete application: CV, Cover Letter for the job, References, Diploma, Transcript of Records.
