

POSITION TITLE: Senior Analyst
LOCATION: Cologne, Germany

Conning (www.conning.com) is a leading global investment management firm with a long history of serving the insurance industry. Conning supports institutional investors, including pension plans, with investment solutions and asset management offerings, award-winning risk modeling software, and industry research. Founded in 1912, Conning has offices in Boston, Cologne, Hartford, Hong Kong, London, New York, and Tokyo.

Summary of Position:

The primary role of the senior analyst is to build and analyze financial models and communicate results of his/her findings. The senior analyst also provides modeling and technical support to clients on an as needed basis.

Responsibilities for this position are as follows:

- Develop a working knowledge of Conning's ALM and DFA modeling tools
- Collect and organize the data needed to create financial models
- Analyze insurance operations of clients and prospects using these models
- Draw observations and conclusions based on these analyses
- Present a summary of the work done and the resulting recommendations in the appropriate reporting format for clients and sales prospects
- Provide Advisory services and software support to clients
- The Senior Analyst maintains and enhances Conning's ALM and DFA modeling tools

The following background and skills are required:

- Experience in the German insurance market
- 2 to 5 years of professional experience in actuarial profession and/or modeling
- Solvency II and ALM/risk management knowledge
- A good mathematical/quantitative background
- Good understanding of the probability theory and statistics
- Analytical skills with a high level of problem solving capability
- Good communication skills; good command of English and German language (spoken and written)
- Good technical IT skills
- Some programming experience
- Experience working with Microsoft packages
- Understanding of the economic relationships or a readiness to learn these
- Open-mindedness and an ability to work in a multi-cultural environment
- Open to change and eager to learn, committed to continuing education
- An ability to work on one's own and also as a part of a team
- Disciplined approach to all kinds of work

You will be working in a modern new office in the center of Cologne. If you are interested in pursuing this opportunity you may apply online at www.conning.com.
