Casualty Treaty Underwriter (m/f/d)*

Location
Munich

As an underwriter for the French market, you are responsible for assessing, pricing, and signing reinsurance portfolios. The position comprises technical responsibility and close contact with clients. We are looking for an ambitious casualty underwriter who will represent our casualty line, particularly with our discerning French customers and on the French market, as well as in the market team. We expect our staff to be highly independent, motivated, and proactive self-starters who will help us meet our divisional unit’s ambitious targets.

Your job
- Structuring, assessing, and accepting reinsurance offers for traditional and non-traditional reinsurance business in France, Belgium, and Luxembourg.
- Maintaining and expanding existing customer relationships and building new ones, with the goal of increasing our portfolio’s yield.
- Drafting and implementing client strategies in close cooperation with Client Management.
- Negotiating with our clients in close cooperation with our Client Management.
- Active participation in product development projects and business transactions with the aim to establish creative, innovative, and tailor-made primary insurance-related solutions with clients or newly arising market partners/insurtechs.
- Collaborating with relevant in-house interfaces such as the Cyber unit, Data Analytics unit, etc.
- Running outside-in analyses of existing customer needs and reinsurance structures, and developing transactions that support our clients’ financial KPIs or innovation ambitions.

Your profile
- Excellent university degree in mathematics, statistics, information technology, or physics.
- Experience and expertise in casualty insurance, especially primary risk expertise, run-off, settlement of bodily injury claims, general liability business, pricing.
- Knowledge and experience in non-life reinsurance would be an asset.
- Excellent knowledge of statistical methods.
- High level of dedication and strong customer focus, affinity for developing solutions together with clients and ability to deliver high-quality client presentations.
- Creativity and strong communication skills as well as ability to build personal customer relationships.
- Ideally, practical experience in financial and Solvency II modeling.
- Good team player, willing to share expertise, while remaining demanding when cooperating with colleagues.
- Fluent written and spoken French, very good command of English.
- Located in Munich, willingness to travel regularly.

About us
